

# Smart Signboard XDS-2370

23-inch Widescreen All-in-One FHD Network Display

The IAdea XDS-2370 smart signboard for digital signage incorporates media playing, a robust design and commercial functionality into an affordable digital signage solution.

## Superior Image Quality

The XDS-2370 feature with latest wide viewing technology, customers can see the playing image or video from any angle at both landscape and portrait display.

## Extremely Durable with Tempered Glass Surface

Elegant glass surface with robustness design in mind. The XDS-2370 uses anti-scratch, two times stronger tempered glass for commercial application.

## All-in-One Smart Design

No extra cabling, simply connects power and network, then update and control the display remotely at your finger tips
