200x200/300x300
400x200/400x400
600x400

rated
50kgx3/110lbsx3

Read the entire instruction manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact your local distributor for assistance.

CAUTION

- Use with products heavier than the rated weights indicated may result in instability causing possible injury.
- Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls or masonry walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided and **DO NOT OVER TIGHTEN** mounting screws.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

Recommended for Installation

M-F			
M-G			
M-H			

- Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen.
- Center the adapter brackets on the back of the display as shown, and screw the brackets onto the display, being sure to not over-tighten.

7. Hang the Screen

8. Level Adjustment

9. Secure with Padlock

Note: Leave at least 1mm gap between screens.

Note: Padlock is not included.

Maintenance

- Check that the bracket is secure and safe to use at regular intervals (at least every three months).
- Please contact your distributor if you have any questions.
